HOW CAN SOMEONE DONATE TO ME?

- 1 Directly to my school at terryfox.org
- 2 Directly to me on my online fundraising page (see below)
- 3 By cheque or cash on my pledge sheet

HOW DO I COLLECT PLEDGES?

ONLINE

Fundraising online is fast, easy and donors get their receipts immediately by email. Go to terryfox.org/schoolrun to find your school name. Once you're there, anyone can donate to your school or you can even set up your own student page under your school page. You can upload pic of yourself and a message to ask for donations and then share a link with family and friends.

ON PAPER

If you must handle funds or pledge sheets, please be safe and follow Provincial health guidelines as directed by your school. Use your pledge sheet to ask relatives and family friends in person for cash or cheque donations. Fill in all their info on the other side of this sheet, and hand it in to your school with the donations.

Are there any tips online to help me fundraise?

Go to terryfox.org to terryfox.org/students under the School Run page to find some fundraising tips to help you meet your fundraising goal.

MEET CAI

Loving the active life!

My name is Cai. I've had cancer for as long as I can remember. I was diagnosed at 11 months old. My cancer is in my neck, inside my spinal cord, right at the top.

I had spinal cord surgery at 15 months old. Then I had to learn how to move and walk all over again. My right leg isn't as strong as my left leg. And my right hand isn't as strong as my left hand. But that doesn't slow me down! I love swimming and playing with Sam, my dog. I like to play mini rugby and ride my scooter.

But that big surgery didn't get rid of the cancer. A bit was hiding somewhere. Because the cancer came back, I have to travel across Canada for lots of tests and special medicines. I have chemotherapy twice a day, every day. And I have to fast six hours every day. It's hard, but these are brand new medicines from cancer research, and they are working! They are stopping my tumour from growing!

Then my dad had cancer, too. But the doctors got it out of him. It was hard. We had to move away so we could have help from our family. But he is doing good now.

Terry Fox was a hero, and he had cancer – just like me! Terry Fox had a limp when he ran, and I do, too. And he did that long, long run. He tried to run across Canada. To everyone who comes out to the Terry Fox run: Good job! You can fight cancer. You can do it!

You Make This Possible

When you and your sponsors give to The Terry Fox Foundation the ripple effect of that contribution can be felt through more than 75 different cancer research projects spanning a variety of different sites.

Terry wanted money raised in his name to fund the best and brightest researchers and scientists in Canada.

Here are only a few of the many different types of cancer research that are made possible thanks to your generosity.

Lung cancer	Colorectal cancer	Brain cancer
Breast cancer	Pediatric cancer	Blood cancers
Ovarian cancer	Prostate cancer
